Dear Ms. Chalmers,

My company is considering hiring Staff Celebrations for our employee picnic this summer, and the company gave us your name as a reference. If you have a moment, could you answer a few questions about their services? Specifically, we would like to know what the staff and location were like and whether the gift bag option is worth the additional cost. It would be very helpful if you could send us your impressions by the end of next week.

Thank you in advance for your help.

Dear Mr. Bukowski,

I am happy to provide you with some information about Staff Celebrations. We hired them for our tenth annual company picnic, which was held this past July. Over 200 of our employees and their families were in attendance. After looking into several options, we settled on Staff Celebrations to plan and host our event because they were highly recommended by several other companies in the area. We were delighted with the convenience of their service. All we had to do was make a few menu and game selections, and they did the rest. We chose to use one of their sites, which was as beautiful as promised. Despite uncomfortably high temperatures on the day of our event, the staff at Staff Celebrations remained cheerful and enthusiastic. We did not opt for the gift bag option, although I recall from our initial meeting that the choices for that seemed to be reasonably priced and of high quality. I highly recommend Staff Celebrations.

### Opportunities for Leadership Development: Evaluation Report Executive Summary

This report documents the results of a study conducted by the Centre for Management Development and Assessment (CMDA) on behalf of Vaughan Biotechnics. The investigation sought to determine whether administrative workers have sufficient career advancement opportunities and whether the current set of leadership training courses meets the needs of supervisors.

The responses of Human Resources (HR) directors illustrate the current state of affairs, since they are responsible for ensuring that employees have

ample training and development opportunities. Nearly 71% of HR personnel indicated that Vaughan Biotechnics does not provide sufficient training for potential supervisors. Some suggested that the lack of training opportunities led to low promotion rates.

In addition to providing in-depth coverage of these and other findings, this document contains a series of recommendations that will be carefully studied by company leaders for possible implementation.

Dear Mr. Saunders,

I'd like to add another course to the list of suggestions. Having led various large-scale projects over the last five years, I have come to realize how helpful social media can be for supervisors and managers. Therefore, I suggest that you include among the new training courses one that focuses on social media and covers such topics as planning, executing, and assessing social media campaigns.

Thank you and best wishes,

Salma Gorshani

### Supervisor Training Now Available

On Tuesday, HR director Mr. Rylan Saunders unveiled the new training programme for employees interested in becoming supervisors. The redesigned programme is the result of an inquiry carried out last January that looked into the opportunities available to employees wanting to move up the career ladder. It also included an analysis of the training, which determined that Vaughan Biotechnic's original programme was no longer effective. The improved programme includes courses that reflect today's complex work environment. Courses like Supervising Using Social Media help would-be managers learn how to utilize current tools to lead successful projects.
