Attention Kilmani Nature Park Visitors: Marsh Trail is currently closed.

Areas along this trail are home to native songbirds that are currently nesting. For this reason, access for anyone other than key park personnel is strictly prohibited. Research studies have shown that nesting birds are easily disturbed by human activity. When a perceived threat is detected, the adult birds are less attentive to their eggs or chicks and may even abandon them.

Video cameras have been installed at each nesting site so that these animals can be appreciated from a safe distance. Live footage is available online at Kilmaninaturepark.com. It's the best way to get a glimpse of these magnificent songbirds without disturbing them.

Designs on Exhibit at the Modern Art Museum

His designs combine futuristic artistry, unique aesthetics, economy, and practicality. His name is Andrew Matison, and he is one of the most celebrated figures from the world of contemporary structural design.

Matison's greatest achievements include the Millennium Terminal at Washington Airport, the Europa Shopping Centre in Warsaw, and the Light Tower in Perth. It is therefore a happy coincidence that, just a few blocks away from the Light Tower, the Modern Art Museum (MAM) is hosting an exhibition devoted entirely to Matison's work.

The exhibit, which will run from 8 March through 30 March, will feature photographs of 52 projects designed by Matison, including his latest design, the Pentelli Centre in Cape Town. Because construction on the Centre will not be completed for at least one more year, the exhibition includes blueprints and computer visualizations.

This exhibit is a must-see for Matison's fans and others who appreciate architecture. According to MAM Director Angela S. Kanter, interest has already exceeded expectations. "The tickets for the opening day sold out the same day they went on sale," Ms. Kanter said.

 - (C) It does not require an admission fee.
 - (D) It features the work of several designers.

James Kouno (8:47 A.M.)

Good morning, Alyssa and Claudia. Have you had a chance to look at the draft I wrote of the study? Do you have any changes?

Alyssa Abramsky (8:48 A.M.)

I just finished reading it.

Claudia Dorsch (8:49 A.M.)

You did a great job describing how we have attracted new business to Midark Auto Parts' online store through our promotional efforts and design updates. This claim ought to be supported with some statistics, though.

James Kouno (8:50 A.M.)

That makes sense.

Alyssa Abramsky (8:53 A.M.)

I can make a line graph showing the increase in the number of visitors to the Web site each week, along with the increase in Midark's average weekly revenue.

James Kouno (8:55 A.M.)

That would be great!

Claudia Dorsch (8:57 A.M.)

People also like to hear directly from the client. We should publish a few comments from Midark's sales director about how our work has impacted the company's sales.

From:	Terrance Macintosh
Re:	Exhibition schedule
Date:	December 11
Attachment:	 Draft schedule

Dear Ms. Merrick,

I just got a call from Jack Berman, whose work will be on display here at the Julius Gallery in March. He wanted to let us know that he will only have four pieces ready of the eight he was supposed to provide. Mr. Berman has accepted a position at the Carning Gallery; the job begins in January, so he will not have time to complete the remaining four pieces.

I have contacted the other artists who are participating in the March exhibition to find out whether they have additional pieces available for the show. I have not heard back from all the artists yet, but Yoshiko Fukuda says she can add one more sculpture to her original three, and Ben Froehling has offered to exhibit ten paintings instead of eight. I am therefore confident that we will have sufficient pieces to put together a vibrant and well-rounded exhibition.

Thanks,

Terrance Macintosh

4 December—The Scheibler Konig is one of two hotels owned by the Scheibler Corporation slated to open soon in England. Situated across from the historic Granger Museum of Art in London's Shoreditch district, the Scheibler Konig will hold 350 guest rooms and will be the larger of the two. The Scheibler Prinz will open in Cambridge within the next six months.

The Scheibler Konig is in the process of being transformed from an old manufacturing facility into a modern-day hotel. "Maintaining the unique

architectural features of the building has been especially challenging," noted Gareth Mikesell, the manager of the project. Once completed, the hotel's old facade will stand in contrast to a stunning contemporary interior. "Despite some delays, the opening is planned for March," said Arzu Baygul, the hotel manager. "We already have several conference bookings, including a major one in mid-September, during which the hotel will be closed to the general public."
