### Healthy Eating

Q&N Vending heads our Top 10 Startups list because it is addressing a basic need in a healthy and creative way.

Hal Quinn and Becca Norwich first met four years ago at the Hicks School of Business. Quinn tells the story of how they were both frustrated by the lack of healthful food in the vending machine at the library, where they put in long hours of studying. "It was Becca who thought of the idea," says Quinn. "It was 1:00 A.M. and we were standing in front of the machine eating chocolate-covered pretzels. Becca said, 'Why don't we come up with a business plan to stock vending machines with food other than candy and snacks with little nutritional value?' We sketched out our plan right away."

It was not hard for them to find financial backers. "Everyone liked our plan. We actually had to turn investors away," says Norwich. "We wanted to retain primary control of the product."

The pair spent two years gathering their vendors and researching vending-machine design. Their machines offer a combination of regular food items and original creations. "We didn't think we would be involved in inventing snacks," says Quinn. "But when we came up with the Q&N Broccoli Chips one year ago, we knew we had something special."

Their first machines appeared around the country three months ago. Where was their very first machine installed? The Hicks School of Business library, of course!

Tennant Sports  
28 Learmouth Street  
LYONS VIC 3304

20 December

Dear Shareholders,

For the past two decades, Tennant Sports has been providing top-quality athletic footwear to the consumer. Our high customer retention rate is evidence of that, and our sales figures continually beat our projections.

Our most recent fiscal year was no exception: we set an all-time record by hitting \$500 million in total annual revenue, which is a 12 percent increase from the previous year. This gain was primarily driven by the release of the improved version of the Crewflex shoe, the Crewflex DS. While similar in style to the original Crewflex shoe, the Crewflex DS has various innovative features and is more thickly cushioned on the inside. The product's overwhelming popularity has made it difficult for our retail locations to keep up with demand. Therefore, in recent weeks we have expanded our production team.

During the current fiscal year our focus will primarily be on further broadening our line of footwear, and on incorporating more features that customers have asked for.

On behalf of the staff and management at Tennant Sports, I wish to express my sincerest gratitude to you for your unwavering support in the years past and in those that lie ahead.

Best regards,

*Mark Guzman*

<p>Dear Mr. Arai:</p> <p>To prepare for your Wednesday, November 9, meeting, I have set up a conference call for the staff in the Groverton office and will contact the room reservations office to secure a room for you and the on-site team members. Because of the painting that is going on in our facility, there are only two conference rooms currently available: N213, which accommodates 25 people, and N252, which accommodates 15 people. If not all of the on-site team members will be attending, I'll let the reservations office know that N252 will be suitable. Both rooms are equipped with a podium, computer, and screen for your presentation. I have confirmed your phone call with the Larka client immediately following the meeting. Please let me know if there is anything else you will need.</p> <p>Ela Czarnecka</p>

This is a reminder of our meeting tomorrow, November 9, to discuss the Larka building project. We will be meeting in room N252.

The Larka client has asked if we can finish the building project two weeks earlier than originally scheduled. Questions 196-200 refer to the following Web page, article, and online review.

The screenshot shows a web browser window with the address bar displaying <http://www.taylormuseum.org/exhibitions/thibodeaux>. The website layout includes a left sidebar with the Taylor Museum logo and navigation links: "About", "Exhibitions" (highlighted), "Tours", and "Shop". The main content area features the exhibition title "August 1-31 Martine Thibodeaux: *Outlands and Beyond*". It describes the *Outlands* series as seven oil paintings completed at an artists colony in Taos, New Mexico, during her forest phase. A paragraph mentions that the third painting, *Time*, was dedicated to her teacher and mentor, Henri Pochon. Another paragraph states that the forest-phase paintings, completed over twelve years, are regarded as her most accomplished works and have been exhibited in the Gateworthy Gallery in New York and the Prinz Ostend Gallery in Amsterdam. The Taylor Museum is pleased to present 25 of Thibodeaux's paintings, including *Outlands* and several later works. An "Events:" section lists two events: an opening reception on August 1 at 7:00 P.M. in the Tobin Gallery, and a presentation by art historian Ursula Beake on August 5 at 6:00 P.M. in the Museum Rotunda.
